Union List of Serials,
958 University Ave.,
New York City

Dear Sirs:

Referring to your inquiry enclosed, our set of this periodical consists of volumes 1 to 11. The last volume bears the date of 1892, during which year it was issued quarterly. The pagination is consecutive for the year. In the catalogue of the library of the society publishing this bulletin issued in 1897, the publication is listed as follows:-

Bulletin de la Societe suisse de numismatique. T.I--XI. Fribourg, Bale, Geneve, 1882-92, 11 vol. in-8 avec nombr. pl. et fig. dans le texte.

This should be conclusive evidence that the publications ceased in that year.

Very truly yours,

Secretary
